

Product declaration

No.1604

Manufacturer	KLIMAOPREMA d.d. Gradna 78A, 10430 Samobor, Hrvatska
Person authorized to compile technical documentation	Siniša Murtezanović, <i>mag.eng.mech.</i> Chief technical officer
Product description	General product name: Sound attenuator Product type: Cylindrical sound attenuator Sales name: PZM-T Product use: Sound attenuation element in ventilation systems

We declare under our own responsibility that described product meets the characteristics and properties and is in accordance with the data described in the technical documentation. The technical documentation for the listed product is available on our website: www.klimaoprema.com.

Noise absorption, pressure drops and self-generating noise were measured and presented in the octave range according to ISO EN 7235:2003.

The product achieves air tightness in the ventilation system, class C in accordance with HRN EN 12237 and as a separate element in accordance with HRN EN 15727.

The product is made of harmless materials and is not combustible according to HRN EN 13501, class A1 and A2.

The EU Declaration of conformity according to the valid EU Directives is not allowed because there are no standards for the product.

The product is designed and controlled in accordance with an integrated management system that includes the following standards:

ISO 9001:2015	TÜV NORD br. 44 100 20430031 od 17.03.2020.
ISO 14001:2015	TÜV NORD br. 44 104 20430031 od 17.03.2020.
ISO 45001:2018	TÜV NORD br. 44 126 20430031 od 17.03.2020.

Technical documentation reference number: TM 1604

Signed for the manufacturer on his behalf:
